Concerned Citizens of Montauk Awards Montauk School Young Scientists

This week, Concerned Citizens of Montauk (CCOM) awarded 28 certificates to 28 students in grades 3-8 who placed during the 2022 School Science Fair which was previously held on April 1, 2022.

Additionally, CCOM President Laura Tooman delivered \$700 in cash prizes to the top performing students in grades 5-8 and another \$300 in complimentary CCOM family memberships to the six 1st place winners / teams in grades 5-8.

“These students are the future of our community and creating true environmental stewards should be a top priority. CCOM looks forward to working with these incredible students as they continue to expand their scientific understanding and appreciation of this incredible place we call home.”
